Introduction

The second session of the United Nations Habitat Assembly (the UN-Habitat Assembly) will be held at the United Nations Office at Nairobi (UNON), United Nations Avenue, Gigiri, Nairobi, Republic of Kenya from 5 – 9 June 2023.

On 20 December 2018, the General Assembly of the United Nations in its resolution [A/RES/73/239](#) decided to dissolve the Governing Council of UN-Habitat and to replace it with the United Nations Habitat Assembly (the Assembly) composed of universal membership. It also retained the Committee of Permanent Representatives of UN-Habitat and provided for the establishment of the Executive Board of UN-Habitat as the two intersessional organs of the Assembly.

The United Nations Habitat Assembly is the highest-level decision-making body concerning urbanization and human settlement matters worldwide. The Assembly convenes every four years with the aim to tackle the most pressing human settlement challenges faced by the world today and to preserve and rehabilitate the urban environment. The 2030 Agenda for Sustainable Development has made understanding these challenges and promoting sustainable urbanization a central focus under SDG 11.

The United Nations Habitat Assembly has inter-alia, the following key responsibilities:

- ▶ Identify key issues and areas of focus for the normative and policy work of UN-Habitat,
- ▶ Review major trends related to human settlements and urbanization;
- ▶ Examine global norms and standards in human settlements and sustainable urbanization;
- ▶ Adopt resolutions, declarations, recommendations, formal decisions, reports and other documents pertaining to strategic vision and political guidance in accordance with its mandate;
- ▶ Recommend strategies for coherent implementation of urban and human settlements dimensions of the 2030 Agenda, the New Urban Agenda and other global agendas, including of the work of the United Nations System;
- ▶ Examine and approve UN-Habitat's strategic plan, to be prepared by the Executive Board;
- ▶ Review the Secretary-General's quadrennial report on the implementation of the New Urban Agenda.

Detailed information on the governance structure can be found in the notification of the Executive Director, resolution 73/239 and in the findings and recommendations of the open ended working group contained in resolutions A/73/726 , in the rules of procedure of the UN-Habitat Assembly and of the Executive Board all of which can be accessed on our website on: <https://unhabitat.org/governance/un-habitat-assembly/second-session-2023>

Port of entry health requirements

Yellow fever

A yellow fever vaccination certificate is required if you are arriving in the Republic of Kenya from a country with risk of yellow fever transmission. Advice on all vaccinations recommended for visitors to the Country may be obtained from the Kenyan Embassy/High Commission in country of the participant or on the visa website indicated above.

Useful information can be obtained from the WHO website <http://www.who.int/ith/en/>

Travelers arriving from countries listed below are required to possess a valid vaccination certificate for yellow fever : Angola, Argentina, Benin, Plurinational State of Bolivia, Brazil, Burkina Faso, Burundi, Cameroon, Central African Republic, Chad, Columbia, Congo, Cote d'Ivoire, Democratic Republic of the Congo, Ecuador, Equatorial Guinea, Ethiopia, Gabon, the Gambia, Ghana, Guinea, Guinea-Bissau, Guyana, Liberia, Mali, Mauritania, the Niger, Nigeria, Panama, Paraguay, Peru, Rwanda, Senegal, Sierra Leone, the Sudan, Suriname, United Republic of Tanzania, Togo, Trinidad and Tobago, Uganda, Bolivarian Republic of Venezuela.

Common infectious diseases

Malaria is common throughout the year in many parts of the Country. Nairobi, the Capital City is generally free of malaria. It is still recommended that participants consult their doctors about malaria prophylaxis when travelling to the Republic of Kenya, including adequate safeguards such as insect repellent and bed nets. Clothing like long trousers and long sleeves that may protect the arms and legs from mosquito bites are advised. You can read more about Malaria [here](#).

Several African countries have recently reported cholera outbreaks. Kenya has noted an increase in reported cholera cases since October 2022. Cholera cases have been reported in several regions including Nairobi. You can protect yourself from cholera by practicing essential hygiene measures like handwashing, drinking from safe water sources, thoroughly washing fruits and vegetables, and taking up the cholera vaccine.

The Covid-19 Pandemic has recently abated in most regions of the world. The positive trend has also been noted in Kenya with low reported infection rates. Notwithstanding this, WHO still recommends that caution is applied where risk for Covid-19 infection is high e.g in crowded poorly ventilated spaces or when one's personal risk of adverse outcomes from Covid-19 is high. Some of the key preventive measures advised include keeping up to date with Covid-19 vaccination, practicing hand hygiene, and using masks when risk of infection is deemed to be high.

Additional useful information on general travel health can be obtained from the WHO website: [Travel advice \(who.int\)](https://www.who.int/travel-advice)

Security

The United Nations Offices at Nairobi and Kenyan Authorities are working closely together to ensure that all precautionary measures are taken for UN-Habitat Assembly participant's safety and security. However, participants are personally responsible for their movements outside the United Nations Complex. For your own safety, kindly read and follow these tips:

- ▶ Avoid crowded areas.
- ▶ When walking, keep to the main roads and avoid shortcuts through back alleys and similar routes. However, where possible, take a taxi rather than walking (refer to section with information on recommended taxi service).
- ▶ Never walk at night in the city center even for a short distance – always take a taxi.
- ▶ Ignore street children and people coming to you in the streets with hard-luck tales. They may be pickpockets or part of elaborate scams. The best thing to do is just to walk on and ignore them.
- ▶ Be wary of people loitering outside hotels. Stay informed: Read/listen to local news.
- ▶ Cooperate with security apparatus when they conduct security operations. Carry Identification at all times
- ▶ Tell someone where you are going and when to expect you back.
- ▶ Have emergency numbers registered on your phone.
- ▶ Ensure your mobile phone is fully charged (especially when you leave to go to public places) and that you have sufficient credit to make calls.
- ▶ Make use of safes in hotel rooms and DO NOT carry large sums of money. Avoid carrying credit cards, wearing expensive jewelry or watches when walking on the streets.
- ▶ Do not accept food and drinks from strangers; visitors have been known to be drugged and then robbed.

UNON complex

Access to the complex and available services

The United Nations Office at Nairobi will be the venue for the first UN-Habitat Assembly, located on United Nations Avenue in Gigiri, in the northern part of the City of Nairobi, about 25 kilometers from Jomo Kenyatta Airport. The 140-acre United-Nations Gigiri complex is a peaceful environment, adjacent to the famous Karura Forest, (about 2,000 hectares), a unique public facility under the management of the Kenya Forest Service. Well-demarcated nature trails, jogging lanes and cycling paths provides the best environment for recreational activities, including physical training.

Parking and security at the United Nations Nairobi Complex

Access to the UNON Complex for the period of the UN-Habitat Assembly will remain open to all official Embassy vehicles that have been registered with United Nation Department of Safety and Security (UNDSS) and drivers with valid UNON issued IDs. With respect to non-official vehicles used by delegations, heads of delegations or ministers, details of the vehicles and driver must be sent in advance to Ms. Silvia Ragoss silvia.ragoss@un.org and to the Secretariat of the Governing Bodies unhabitat-sgb@un.org for a temporary Meeting Decal and driver pass to be issued. Embassies are encouraged to use official vehicles with United Nations parking decals.

Parking of these vehicles is restricted to the delegates' parking area. Due to the limited parking facilities within the UNON Complex, it is preferred that Embassy vehicles without diplomatic number plates limit their business within the compound to dropping off and collecting their passengers. Such vehicles should depart the compound immediately upon completion of such tasks.

Participants who are accompanied by armed close protection officers into the UNON Complex are requested to send the following information to UNON Security in advance: Full name of each close protection officer, full name and title of each participant being provided with protection, identification or credentials of each protection officer (passport, national ID card, etc.), copy of Government of Kenya firearms permit or temporary import/export firearms permit, the weapon make, model, serial number, calibre, and number of rounds of ammunition.

The information should be sent to the United Nations Security contacts listed below:

Mr. Jaki Azmi
azmij@un.org

Inspector Andrew Bakhoya
bakhoya@un.org

Telephone: +254 20 762 6666; +254 (0)720 629 999; and +254 (0)733 629 999

Banking services

The Kenya Commercial Bank (KCB) Gigiri Branch on the lower concourse of the UNON complex is open on weekdays from 08h30 to 16h00. Standard Chartered Bank is also present on the UNON complex, just opposite KCB Bank, and opens on weekdays from 9 am to 4pm. You will find a United Nations Federal Credit Union (UNFCU) branch, lower concourse, opening on weekdays from 8h30 to 17h.

ATMs located on the UNON Complex

As indicated earlier, ATMs are available country wide with 24-hour access.

Within the UNON Complex, there are four ATMs on the lower concourse: two next to the Kenya Commercial Bank (KCB) for local and United States Dollars currencies, one near the UNFCU (United Nations Federal Credit Union) for United States Dollars currency, and the last one is next to Standard Chartered Bank (opposite the KCB on the lower concourse).

There are also two ATMs (KCB and UNFCU) at the UN Commissary on the northern end of the United Nations Gigiri Complex. Major international cards are accepted, it being understood that credit card fraud occurs in Kenya as in most other parts of the world. The usual precautions should be taken.
